

Year Six Enterprise Opportunity

Monday 15th April 2024 ~ Break-time & After School

After reviewing and amending the 'Enterprise' events for this year, we would like to share this invitation. For those children interested, we will be hosting a 'Selling Day' on Monday 15th April 2024 in order to raise some money for our end of year events.

Children are welcome to sell individually or in small groups (no more than five students per group).

We will provide the venue and customers but any products must be made / sourced by the children involved. We must stress that this should not be costing them (or their parents) money and there really is no obligation to participate at all.

It's totally optional.

Please see us if you have any questions. We are always happy to help.

We know how keen so many children are so wanted to widen this opportunity.
Be creative! Be imaginative! And have fun!

The Year Six Team
